The United States civil service commission is announcing a number of examinations to be held in the near future. The positions to be filled through the civil service list resulting from the coming examinations are: Auto machinist, Oct. 2; ferryman, Oct. 12; dairy husbandman, Oct. 12; linotype, machinist, Oct. 21; book-binder, Oct. 21; cadet engineer, Oct. 24.

Came After Prisoner

J. F. McClellan, sheriff of far famed Jackson county, Arkansas made the fifteen hundred mile trip to Arizona, arriving in Phoenix Saturday to get A. H. Hill, who, under the alias of Beck, is now undergoing a term of forgery in the Arizona state penitentiary at Florence. It is to answer a similar charge in the state of Arkansas that Hill is to be removed to that state.

Shoots Himself in the Arm

While hunting near Wheatfield, J. P. Dunaway, organizer for the Herald of Liberty at Miami, accidentally shot himself in the left arm. The arm was so badly shattered by the shotgun discharge that it was necessary to amputate the member.

Arizona Builds Airship Destroyer

An airship destroyer, known as "Arizona No. 1," has just been completed by D. R. Thomas, of Bonita. He has sent the plane to Senator H. F. Ashurst, of Arizona, for presentation to the United States government, and he is also offering the plane for sale to other governments. In 1906 Thomas offered his invention of an airship to the United States.

Arrangements for Camp-Meeting

Seventh Day Adventists of Arizona will hold their annual camp-meeting and conference in Phoenix from October 8 to 18. Arrangements already have been made for pitching the tent city.

Will Return to Mexico

Picked up on the streets in Douglas shortly after having returned from Florence, where he served a year on a serious charge, Concepcion Aguirre, a Mexican, was placed under arrest Sunday by F. W. Heath, inspector in charge at the Douglas immigration station. Following a brief hearing before a special board of inquiry Aguirre consented to return to Mexico to escape deportation.

Wagon Runs Over Teamster

Bill Quinn, a teamster for Jones & Hines, the Tucson brick makers, was badly injured last week, when he fell from a wagon that he was driving and the wagon passed over his body. While going down a steep grade, something gave way at the front of the wagon and Quinn slipped off. The wheels passed over his abdomen.

Cattle Will Be Educated

Cattle on the forest reserves will be educated to stay on the areas allotted to their owners. A conference on allotments of grazing lands was held Saturday at the office of Forest Supervisor R. J. Selkirk. John Kerr, assistant district forester, is Tucson from Albuquerque.

Work On Highway

With the completion last week of the grading on the state highway two miles out of Douglas by Contractors Scott and Kimmell, a goal was passed in the construction of good roads in Cochise county. The work on surmounting this stretch with six inches of gravel was begun Monday, and when completed there will be a continuous stretch of excellent highway between Douglas and Bisbee.

Fair Will Be Better Than Ever

Declaring that the Arizona State Fair to be held at Phoenix during the week beginning November 9th will be bigger and better than ever, and that the mining exhibits in particular will surpass all former ones, J. C. Goodwin, superintendent of the mining department, is in Cochise to secure additional exhibits.

To Fight for Country

Filled with enthusiasm for their native land, and shouting her praises to the skies, 50 Serbian left Bisbee Monday for New York, en route to Serbia, via Italy, to fight for their country. A few went on the morning train but the majority left at six in the evening. They were accompanied to the depot by several hundred of their countrymen and as the train pulled out there

was much shouting and waving of hats.

Sisters Meet at Old Age

One of the most remarkable cases of finding lost relatives has recently come to light, where two sisters who had been separated for forty-two years found each other alive and well, although both had grown from young womanhood to grandmotherhood in the meantime, when Mrs. California Carpenter and Mrs. Arizona Bishars met in the home of a granddaughter and grandniece in Mesa recently.

Joe Brown Passes Away

Joe Brown, for twenty-four years a resident of Arizona, and a resident of Douglas for four or five years, and one of the most widely known mining men in that section, died at 1:20 Tuesday morning at his home at the Colorado rooms after an illness of more than three weeks. Mr. Brown was 56 years old, and is survived by his widow and it is supposed that he has relatives in Michigan, his home state, but as he left there when only 16 years old, and never corresponded with any of them, it is not known where they may be found.

Much Interest In

Shrine at Grand Canyon

PHOENIX, Sept. 30.—Much interest is being manifested locally in the coming great shrine ceremonial at the rim of the Grand Canyon. The occasion is the first visit of Imperia Postmaster Frederick R. Smith of Rochester, New York, and a distinguished party of famous shriners from the east. They are to arrive at the canyon from San Diego, Cal., where they will be entertained on the day previous to the Canyon trip.

A special train of some ten cars will be brought to the canyon from California to accommodate the postmaster of Oakland, San Diego, San Francisco, and Los Angeles, and their several followings.

The Arizona contingent will take train at Phoenix on the night of October 4 arriving at the canyon at 10 o'clock on the morning of the 5th when the work of initiating more than 100 candidates will be staged for the benefit of the shriners.

Guard Your Children

Against Bowel Trouble
Many children at an early age become constipated, and frequently serious consequences result. Not being able to realize his own condition, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted to women and children. The Sisters of Christian Charity, 537 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. Miles' Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased."

The form and favor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially disguised. In using Dr. Miles' Laxative Tablets, however, this difficulty is overcome. The shape of the tablets, their appearance and candy-like taste at once appeal to any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.

If the first box fails to benefit, the price is returned. Ask your druggist. A box of 25 doses costs only 25 cents. Never sold in bulk.

El Paso-Tombstone-Phoenix, the Big Race

Now that the Albuquerque-Phoenix auto race has been abandoned because it would insure more to the benefit of Arizona than New Mexico and Albuquerque in particular, according to the stand taken by the merchants of that city, and the fact that Los Angeles is dabbling with a race via a new route that will be far from satisfactory and which to date has only four entries, the big race that will make them all sit up and take notice is the El Paso-Tombstone-Phoenix race, which has 40 entries and will have over 20 to start.

TUESDAY

Forest Officers Are Transferred

The transfer of Forest Supervisor John D. Guthrie from the Apache National Forest with headquarters at Springerville, Arizona, to the Coconino National Forest at Flagstaff, Arizona, vice Forest Supervisor Drake, resigned, is announced by the District Forester at Albuquerque, New Mexico. Mr. Guthrie is a graduate of Union College and Yale University. He has been in charge of the Apache National Forest for the past five years. The new post is considered the most important of the national forests of the southwest. Forest Examiner Frederic Wynn will succeed to the charge of the Apache National Forest by promotion. Mr. Wynn graduated from Rutgers College in 1912.

Filed Application To Issue Bonds

PHOENIX, September 29.—Application for permission to issue \$2,789,153.74 par value r.f.d. bonds was filed with the corporation commission today by the Southern Pacific Railway company.

The amount is declared necessary for expenditures in Arizona, California and New Mexico. Arizona and New Mexico's part represents only a few thousand, however, as most of the sum is for California.

A list of items which the big sum covers is included with the application. It shows \$224,261.53 for a new depot at Oakland, a bridge over the Sacramento river costing \$97,604.73 tracks between San Pedro and Wilmington cost \$105,372.37, double tracking in California costing about \$700,000.

The above are the biggest items. In the list of small items is included the purchase of motor cars for the Tucson division costing \$1695.72, fence shop at Yuma costing \$1233.67, and renewal of rails on the Tucson division costing \$16,550.51.

WEDNESDAY

Purchase of Famous Congress Mine

PRESCOTT, Sept. 30.—When "Diamond Joe" Reynolds purchased the famous Congress mine and thereafter led in a project for building a north and south railroad in Arizona, he was influenced particularly by friendship to Frank M. Murphy. Mr. Murphy thereafter managed the railroads and mines for a corporation which was closely affiliated with the Santa Fe main line system, which probably was the cause of bringing into Arizona more money than any other enterprise ever known. That the friendship with Reynolds continued unbroken is indicated by the recording yesterday, in Prescott of a deed made by Reynolds' widow in favor of Murphy, directing the conveyance of a large amount of Arizona property, including 250 lots, in addition to Prescott, certain moneys in the Bank of Arizona, the Silver Trail and Chalcodony mines in the Haverdamp district, certain lots in the city of Prescott, among them the site of the Prescott National Bank, a note of \$3000, due from former residents of the city, and other considerations.

MONDAY

Appointed Chancellor Of State University

PHOENIX, Sept. 26.—Announcement was made today from the governor's office of the appointment of Frank H. Hereford of Tucson as chancellor of the state university in that city. Hereford succeeds Rev. Lozan W. Wheatley, who resigned to take the charge of a church in Oroville, Cal. Hereford was previously chancellor, having resigned several months ago just before his departure for a trip abroad. He is now en route home from Europe.

Resigning of Candidates Up to Date

Up to closing time of the office of the Board of Supervisors Friday evening but two of the candidates of the Republican and Progressive that were to resign and leave the places vacant on the Progressive ticket and W. J. White the Republican candidate for Sheriff.

The Republicans will have to look for another candidate for representative on their ticket as John A. Rock-fellow whom they proposed to run has absolutely refused to be a candidate and intimates that he will give most of his support to the Democratic ticket.

Lawyers Dont Know What New Laws Mean

PHOENIX, Sept. 28.—Great interest continues to be taken here and throughout the state in the "initiated measures" coming up for vote this fall; and as discussion waxes warm many dark colored gentry are coming to light in the various legal woodpiles. Lawyers themselves are divided about some of the points, and about others they refuse to express any opinion at all.

A big woolgrower now in town has inquired of T. C. Power, secretary of the Greater Arizona League, the meaning of the clause in the 80 per cent Citizenship Law that employers of five or more workers in the state of Arizona shall employ "80 per cent qualified electors or native-born citizens of the United States." The question is, does "qualified electors" mean electors of the state or Arizona only or does it include the other state?

To make sure Mr. Power referred the matter to a prominent attorney of Phoenix, who replied, "I don't know. And nobody else can tell until the laws are passed upon by the courts."

This point is of special interest to the woolgrowers, as during the rush season they have to employ many Mexicans, who have been naturalized in New Mexico but are not qualified electors of Arizona.

TUESDAY

San Simon to Have Bridge

Wm. Riggs and John Rock, county supervisors, were here Sunday, having driven through from Douglas to Mr. Riggs' Ford, via Paradise and the Willie Rose mine.

It is understood that, after having driven out to the wash, by the travel road just north of the railroad, the supervisors promised San Simon a 50-ft bridge there, which is much needed.

It is also given out that an appropriation will be made for repairing the San Simon-Paradise road for the benefit of the people of those two places and of the Willie Rose company.

WANTED to buy. Live Gila monsters and snakes. \$2.00 will be paid for live Gila monsters, and from 25 cents to 75 cents for snakes. Address or call on Earl V. Sands, Tombstone, P. O. Box 337.

Bisbee Ore on County Seat Removal

The Bisbee Ore, in commenting on the Douglas cry of "change the county seat, no matter what the cost," says in part, regarding the Douglas proposal of a change:

"It looks a pity that after all these years of dullness, Tombstone should lose her court house just when she is coming back to the large mining prosperity that won her the county seat in the beginning. However, as between the court house and a big mining camp pay roll, there is no question as to which way Tombstone would choose. As the fates are playing the game, one is apparently to be the recompense for the other. Douglas is taking the lead to the end of getting the removal enabling act through the election. Douglas wants the court house. Should removal be decided upon, of course Douglas will have to reckon with Bisbee and Lowell. In the meantime the Douglas slogan of 'we do not care where the court house goes so long as it is brought out of Tombstone' will be accepted here as breeze out of the south generally are."

It is quite evident from this that the Ore is onto the Douglas grabbers and so are the rest of the tax payers. Tombstone expects to retain the county seat and expects the Warren District to help to that end. Special or class legislature will not be tolerated by the voters of the state.
